EYFS Good Level of Development Measures 2022 Markbook

1. Set Up the EYFS GLD Measures 2022 markbook

It is assumed that the EYF 2022 data has been entered/populated in the NC Early Years F 2022 markbook at this point before proceeding with the steps below.

- Go to **Modules > Assessment > Assessment Planning** > click + next to the **Templates** folder > click + next to the **LA Templates** folder > click + next to the **EYFS from 2021** folder > click + next to the **EYF GLD** folder
- Select **EYFS GLD Measures 2022** markbook
- Click **Deploy** and click **No** at the prompt
- Click **Edit** and then click on the **Enrolled Groups** tab > click + and change classes to **Year group** in the drop-down menu > select **Year Reception** and click **Add** > then **Close** the pop-up window
- Select Year Reception in the list and click on **Add Markbook Users** > select the users who need to access/view this markbook (use CTRL and click to select multiple) > click **OK** > click **Save**.

Now check the markbook to ensure the EYFS 2022 data appears

- Go to **Modules > Assessment > Markbook** > and open the **EYFS GLD Measures 2022** markbook for Year R –

Markbook - EYF GLD Measures 2022 - Year Reception (2021/2022)

if the columns are not yet populated with the EYFS data (1,2 & A) , then perform this step:

Go to **Administration > Utilities > Update Year-Independent Key Stage Markbooks** > ensure **EYFS** appears in the **Select Key Stage** drop-down menu > select **Reception** in the list > click **Update (bottom right)** > when process is complete, click **OK**.

Then return to **Assessment > Markbook** > and open the **EYFS GLD Measures 2022** markbook to check that the EYF data is present.

You are now ready for **Stage 8B - Using EYF GLD Measures Markbook 2022 for analysis and reports** – this is useful for HTs/EYF teachers wishing to analyse and obtain reports from the **EYFS GLD Measures 2022** markbook
