

## Stage 5A: Pull KS1 data into Y2 Objective markbooks

This is a simple step to pull through data from the [NC Key Stage 1 2022](#) markbook into the Objectives and tracking markbooks in Integris so that you can view KS1 TA outcomes alongside in year data for this and subsequent years.

To do this, follow these simple steps:

1. Go to **Administration > Utilities > Update Year Independent Key Stage Markbooks**

- At the **Select Key Stage** drop-down box, select **KS1** and then select year 2 from the list of year groups

- ### 3. Click **Update**

*If you see a message saying that the year 2 cohort is too large – change the **Select Students by** box to **Classes** and select each Y2 class in turn and click Update.*

A **Progress** message appears for a few seconds. When complete, you will see the following message:

Modules > Administration > Utilities

## Update Year-Independent Key Stage Markbooks

Select Students by: Year Group  Select Key Stage: KS1

**Year Group**

Not Specified

X

Nursery

Reception

1

2

3

4

5

4. Click **OK**

At this point, all the KS1 data from your [NC Key Stage 1 2022](#) markbook will have been captured by your Y2 Tracking markbooks for each of the subjects.

An information message box with a blue header bar containing the word "Information" and a close button (X). The message text reads: "Year-Independent Key Stage Markbooks have been updated." There is a blue circular icon with a white 'i' on the left. An "OK" button is visible at the bottom right.

5. To check that the data has come through, open any of the **Y2 Tracking** books and open the last unit called **KS1 ARE**. You should now see the KS1 columns populated as in the example below:

Markbook - Y2 Maths Tracking - Class 2A (2015/2016)

[illegible]

You will see two KS1 columns appearing within the last KS1 ARE unit.

The first KS1 column (in colours) comes from the KS1 Export 2022 markbook and the second comes from the official [NC Key Stage 1 2022](#) markbook.

The data in both columns should be the same except for any PKF (pre-Key Stage) values!!

The Y2 Objectives KS1 TA column will show 'PKF' and the white KS1 columns will have a more defined PK1-4 value.
