

Stage 3 – KS1 RWM TA Data Entry

For schools using the Integris Y2 Objectives Termly markbooks

To be undertaken by the Year 2 teacher(s)

Note: TA judgements should be made using the 'pupil can' statements in the KS1 Teacher Assessment Framework from 2018/19 onwards. Pupils working below the national curriculum standard should be assessed against the Pre KS1 'pupil can' statements in the Pre-KS1 TA Framework.

1. Log in to Unify/Integris > Go to **Modules > Assessment > Markbook** > click + next to **My Markbooks** folder > select one of your Y2 Objectives markbook as normal.

2. Data entry:

If you normally complete termly objectives columns

- then complete your end of year objectives in the EoY2 Obj unit as normal for Reading, Writing & Maths.

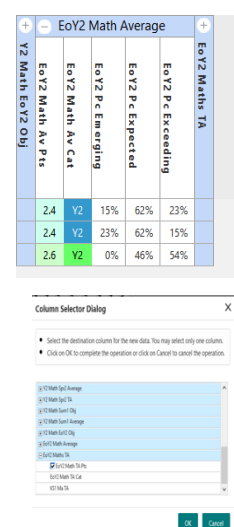

When you have completed the objectives columns, **open the EoY2 Average unit** in each of the Y2 Read, Writ & Maths Objectives markbooks and check the Average Points and Average Category outcomes appear as expected.

The calculated average points will form the basis for the KS1 TA data that will be returned to the DfE and can be changed in the next steps

- Now, **copy the Average Points values into the EoY2 TA Pts** column:
 - > Left-click on the **EoY2 Av Pts** column heading to view a pop-up menu
 - > Select the option **Copy Column Values to another Column**
 - > in the next window, scroll down the list and click + to open the last **EoY2 TA** unit
 - > click in the box for **EoY2 TA Pts** and click **OK** > click **OK** again and click **Yes**.

*You should now find the **EoY2 TA Pts** column in the **EoY2 TA unit** populated with a copy of the data from the **EoY2 Av Pts** column.*

You will also see a final **KS1 TA** column now contains the corresponding KS1 outcome codes (as per the conversion table in Annex 1)

EoY2 Math Average					EoY2 Maths TA
EoY2 Math Av Pts	EoY2 Math Av Cat	EoY2 P c Emerging	EoY2 P c Expected	EoY2 P c Exceeding	EoY2 Maths TA
2.4	Y2	15%	62%	23%	
2.4	Y2	23%	62%	15%	
2.6	Y2	0%	46%	54%	

OR

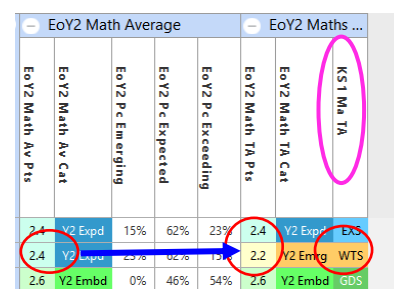

If you normally enter overall KS1 TA points on a termly basis

- Then enter your points value directly into the **EoY2 TA Pts** column as normal. As you save your data, the points are converted to a **EoY2 TA Category** and a final **KS1 TA** column now contains the corresponding KS1 outcome codes (as per the conversion table in Annex 1)

The **KS1 TA** column data will be used as your KS1 TA reported outcomes to the LA/DfE so now is the time to make changes to your **EoY2 TA Pts** column to secure the KS1 outcome you need!

READ *What happens in Y2 Objectives Markbook for Reading, Writing & Maths?* overleaf BEFORE PROCEEDING

3. **Check/Amend KS1 outcomes** - simply replace the **points** value in the **EoY2 TA Pts** column with a new entry and click **Calculate** or **Save** to see the amended EoY2 TA Cat and KS1 TA outcome.
4. **Click BACK** to exit out of the markbook
5. Repeat from step 2 above for **Writing** in the **Y2 Writ Objectives Termly** and for **Maths** in the **Y2 Maths Objectives Termly** markbooks

EoY2 Math Average					EoY2 Maths TA	
EoY2 Math Av Pts	EoY2 Math Av Cat	EoY2 P c Emerging	EoY2 P c Expected	EoY2 P c Exceeding	EoY2 Math TA Cat	EoY2 Maths TA
2.4	Y2	15%	62%	23%	2.4	Y2 Expd
2.4	Y2	23%	62%	15%	2.2	Y2 Emrg
2.6	Y2	0%	46%	54%	2.6	Y2 Emdb

Stage 3 – KS1 RWM TA Data Entry

For schools using the **Integris Y2 Objectives Termly** markbooks

Appendix 1 - KS1 Data Values

For reading, writing, mathematics and science, use TA frameworks guidance at <https://www.gov.uk/government/publications/teacher-assessment-frameworks-at-the-end-of-key-stage-1> for each subject in the framework to assess pupils working at the standard of the national curriculum assessments.

Pre-key stage standards

The pre-key stage standards at <https://www.gov.uk/government/publications/pre-key-stage-1-standards> must be used for pupils working below the standard of national curriculum assessments engaged in subject-specific study. This may include those pupils who cannot communicate in English. Please note: For KS1 science framework, pupils are judged as either 'working at the expected standard' or 'has not met the expected standard'. They cannot be assessed with the pre-key stage standards.

The Engagement Model

For pupils working below the standard of the national curriculum assessments and not yet engaged in subject-specific study. Statutory from September 2021 and replaces P scales 1- 4.

The 'D' code, previously used for those pupils 'disapplied' has been withdrawn for KS1 TA.

The Engagement Model - <https://www.gov.uk/government/publications/the-engagement-model>

Explanation of codes	
EM	Below the standard of the pre-key stage – assessed against Engagement Model
PK1-4	Pre-Key stage – pupils working below the national curriculum assessment standard TA judgements based on ' Pre Key Stage 1 Standards ' Framework.
HNM	Science only - has not met the expected standard (not defined standard, used for those that have not met the criteria for the standard, but working above p-scales)
WTS	Working towards the expected standard
EXS	Working at the expected standard
GDS	Working at a greater depth within the expected standard
A	Absent for long periods or recently arrived

What happens in Y2 Objectives Markbook for Reading, Writing & Maths?

When the **EoY2 TA Points** column is populated, the **EoY2 TA Category** column displays the equivalent category. In the final **KS1 TA** column, the points/category value is converted to a DfE **KS1 data outcome** as per the conversion table below. **Changing the points you enter into EoY2 TA Pts column changes the KS1 TA outcome.**

Conversion Table

EoY2 TA Pts	EoY2 TA Category values	DfE KS1 Outcomes		
		KS1 Reading	KS1 Writing	KS1 Maths
D	D	<blank>	<blank>	<blank>
0.0 – 0.8	YR Emb,Emrg,Exp,Emb,Exc	EM	EM	EM
1.0 -1.8	Y1 Emb,Emrg,Exp,Emb,Exc	PKF	PKF	PKF
2.0	Y2 Embarking	PKF	PKF	PKF
2.2	Y2 Emerging	WTS	WTS	WTS
2.4	Y2 Expected	EXS	EXS	EXS
2.6, 2.8 or above	Y2 Embedded/Exceeding or above	GDS	GDS	GDS
A	A	A	A	A

*** Important if you have pupils at PKF - you will need to define the exact PK code (i.e. PK1, PK2, PK3 or PK4) and enter them into the **NC Key Stage 1 2022** markbook.**

**** Code D (Disapplied) is no longer collected by DfE and produces a blank DfE KS1 value – this blank value must be changed in the **NC Key Stage 1 2022** markbook if you still wish to record code D in the EoY2 TA Pts column .**

*If you do not have access to the **NC Key Stage1 2022** markbook, please inform your administrator*
