Stage 6C - Transition Matrix - Questions

Use the Transition Matrix tables to give you the answers to the analysis questions posed below for your EYF 2019 data as well as use the table interactively to see which pupils are behind the stats and produce Hibernation sheets!

Follow the separate 'How to Use the Transition Matrix' Handout to get the most out of this easy-to-use function – turn the numbers into pupil names; print off the tables; access the student profile screen for more info on the pupil!

Simply select the appropriate markbook and click on the Transition Matrix button > then select the appropriate column(s) as indicated below to find the answers to the questions!
